Press Release

BKPM Holds Market Sounding of PPP Project: Development of Regional General Hospital (RSUD) dr. Hasri Ainun Habibie, Gorontalo

Jakarta, July 18, 2018 - The Indonesia Investment Coordinating Board (BKPM) in collaboration with the Gorontalo Provincial Government held a Market Sounding of Public-Private Partnership (PPP) Project: Development of the Regional General Hospital (RSUD) dr. Hasri Ainun Habibie. It is a hospital project development which functions as the provincial referral hospital (type B) with an IDR 841.8 billion amount of investment required and a 15.69% IRR. The investment return mechanism is derived from the Availability Payment provided by the Gorontalo Province Regional Budget (APBD) with a concession period of 20 years. The project is also planned to get a Government Guarantee through PT Penjaminan Infrastruktur Indonesia.

In this event, there were 100 participants comprising investors who engaged in medical equipment providers, contractors, banks and financial institutions, consultants and related associations. Some companies which presented and showed their interests include: General Electric, Samsung C&T Corporation, PT Mega Global Pratama, Philips Indonesia Commercial, Bank of Tokyo-Mitsubishi UFJ, Business France, PT Takenaka Civil Engineering & Construction, PT IDS Medical System Indonesia, PT Sojitz Indonesia, PT Gobel Dharma Nusantara, PT Indokoei International, PT Wijaya Karya Building, PT Nindya Karya, PT Istaka Karya, Rajafa Healthcare, PT Dharma Medipro, VAMED Healthcare Group, PT Paramount Bed Indonesia, Nickl & Partners, PT Jaya Obayashi, Nippon Koei, Co.Ltd, JGC Corporation, PT Berca Niaga Medika, and representations of several embassies from England, Spain, the Netherlands and Austria.

With the establishment of RSUD dr. Hasri Ainun Habibie, Gorontalo Provincial Government can serve 100% of BPJS Health facility users in all Gorontalo Provinces and communities outside Gorontalo Province. So it is expected that RSUD dr. Hasri Ainun Habibie can be used as a regional reference center for eastern Indonesia.

During his remarks, Deputy for Investment Planning, Tamba Parulian Hutapea delivered that through the PPP scheme, the Regional General Hospitals (RSUD) that are designed and built by private investors who have knowledge, expertise, best practices, and capital, are expected to provide better quality health services. Besides, Tamba also emphasized that "market sounding is a forum for communication between the government and potential investors, at the same time acquiring feedback on the collaboration model improvement offered by the government," he said when opening market sounding activities at Nusantara Room, BKPM, Wednesday (18 / 07). Tamba added that in order to obtain the utmost feedbacks, a special time was provided for participants in the form of project consultations to submit questions, clarifications, and opinions to the project owners or Project Manager for Cooperation (PJPK).
Gorontalo Deputy Governor, Idris Rahim, in his speech mentioned that the development project of RSUD dr. Hasri Ainun Habibie is part of the health sector advancement efforts of Gorontalo Province and has been included in the Gorontalo Provincial’s Local Government Medium-term Development Plans (RPJMD) 2017-2022. On this occasion, the Chairman of the Gorontalo Provincial Regional House of People’s Representatives (DPRD), Paris R.A Jusuf, also expressed his commitment and support for this project that will use the APBD in terms of return on investment.

In the presentation session, Assistant III Regional Secretariat of the Gorontalo Provincial Government, Weni Liputo, explained the project profile of RSUD dr. Hasri Ainun Habibie and the offered cooperation scheme. The Director of Public-Private Partnership and the Design-Build, Ministry of National Development Planning (PPN/BAPPENAS), Sri Bagus Guritno, also described the PPP schemes in the provision of social infrastructure using the Availability Payment mechanism with 20 years concession period. This means that the regional government will make payments to investors in stages for the availability of hospital facility services during the concession period. The project scope consists of design, financing, construction, operations, maintenance, building facilities and transfer including the provision of medical devices.
